

# our vision.

Everyone deserves opportunities to have a good life: a quality education that leads to a stable job, enough income to support a family through retirement, and good health.

That's why United Way of the Quad Cities Area focuses on Education, Income and Health - the building blocks for a good quality of life.

To accomplish this, United Way recruits people and organizations who bring the expertise, resources and passion to get things done in our community.

We are connected and interdependent. We all win when a child succeeds in school, when families are financially stable, and when people are healthy. But it takes our whole community working together to make this happen.

*"I continue to give to United Way because it's volunteer-driven and it strengthens our community. It's important to keep our community as strong for our children and grandchildren as it has been for us."*

- Bruce Pieper, Retired, Case IH

*"I continue to give and participate in United Way activities because retirement doesn't mean the end of anything; only a beginning to stay involved with the things you really care about. Our communities and our neighbors still need us to help them."*

- Fred Attwood, Retired, MidAmerican Energy Co.

We invite you to join us in creating a better, brighter future for the Quad Cities. Give. Advocate. Volunteer. LIVE UNITED.
