JAMES P. HOFFA, GENERAL PRESIDENT

September 14, 2011

Dear Teamster Brothers and Sisters:

Over the last couple of years here in the Quad Cities we have faced high unemployment and difficult economic times. The United Way has been there helping people to overcome these difficult times and helping families recover.

Local 371 Executive Board is proud to endorse the 2011 United Way campaign. By supporting the United Way we are strengthening our community and supporting the needs of all working class people. The United Way works to insure that contributions go directly to programs changing the lives of those that are most in need. As a result of these programs families have meals on their tables and the homeless have shelters.

Each one of us can help a little. These are difficult economic times for everyone, but every little bit helps. When the United Way comes to you and your employer and asks for contributions, please try to give whatever you can as this will continue to strengthen and build our community.

Fraternally Yours,

Teamsters Local 371 Executive Board
