

DONOR & GIVING NETWORKS OVERVIEW

Members of United Way Donor Networks prove the power of unity to create lasting change. Together with these passionate doers and change-seekers, we're helping lead the charge to improve education, income and health in our community. Together, we impacted about 78,000 Quad Citizens last year. Our appreciation cannot be overstated. This work wouldn't be possible without your continued support. We're pleased to honor donors with memberships recognizing loyalty and leadership giving throughout each fiscal year (July 1 - June 30).

Each United Way Donor Network provides access to special events, exciting networking activities and rewarding volunteer opportunities.
