VOLUNTEERS

See first hand how your help
*creates change in lives
and our region.*

Volunteering your time is one of the most impactful ways you can make a difference in a Quad Citizen's life and our community.

We're seeking 100 volunteers, including individuals and groups, who will work to collect essentials for those in need, give their time to read to or tutor to students, participate in activities that encourage successful middle school transition or be a part of a local speakers circuit to share our mission and call to action.

Complete the form below and return to the United Way to learn about opportunities to volunteer.
