

United Way of the Quad Cities Volunteer Hub

Accessing your DOC Project, Team Leader and Volunteer Information

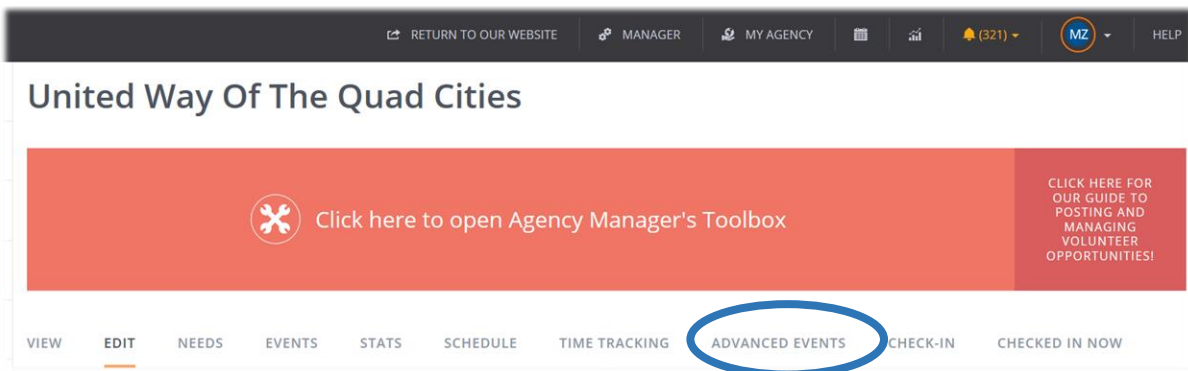

1. Go to <http://unitedwayqc.galaxydigital.com> and select "Login" from the top bar.

2. Enter your password and user name. On the next screen select "my agency".

3. From your agency page, select "Advanced Events".

4. Your project title, number of volunteers requested and number of volunteers needed/registered will appear on the next page. The project below shows 10 volunteers requested (gray) and 10 volunteers registered (green).
 - a. To view your project details, click the project name link.
 - b. To view your volunteers click on the green bar.

Needs

Use the dashboard to track the status of your Needs.
Once approved, you can track registrants, message attendees and print sign-up sheets.

EXPORT RESPONSES ADD NEW NEED

Contacting your Team Leaders and Individual Registrants

*****Do not do this step until Sept 10 as registrations may change.*****

United Way asks that you only contact Team Leaders and individuals who registered on their own, to work through the project day details. The Team Leader will then share the information with their team members. (See how to access your Team Leader and Individual information below.

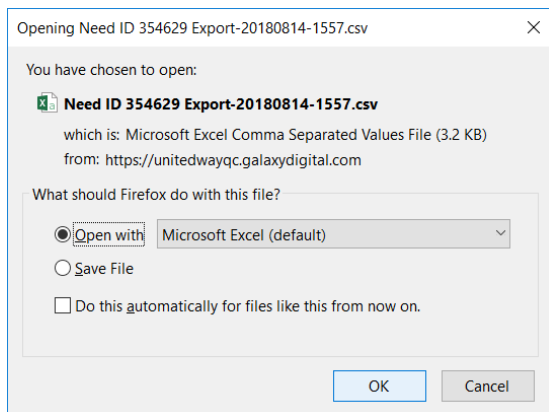

1. Start by exporting your volunteer information or “respondents”.

The screenshot shows a table titled "Message Respondents" with columns: FIRST, LAST, EMAIL, TEAM, LEADER, HOURS, and OPTIONS. Two rows of data are visible. The "EXPORT RESPONDENTS" button is circled in red.

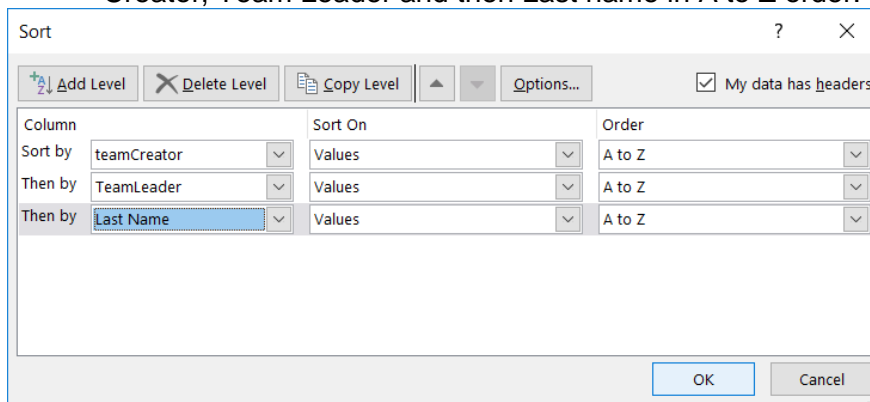

FIRST	LAST	EMAIL	TEAM	LEADER	HOURS	OPTIONS
Marci	Zogg	deletere@uwqc.org	Test Team		0	✕ ✎ ⚙
Marci	Zogg	mzogg@unitedwayqc.org	Test Team	Yes	0	✕ ✎ ⚙

2. Next, click “open with” and then ok to open your spreadsheet.

The dialog box shows the file "Need ID 354629 Export-20180814-1557.csv" (3.2 KB) from https://unitedwayqc.galaxydigital.com. The "Open with" option is selected, set to "Microsoft Excel (default)".

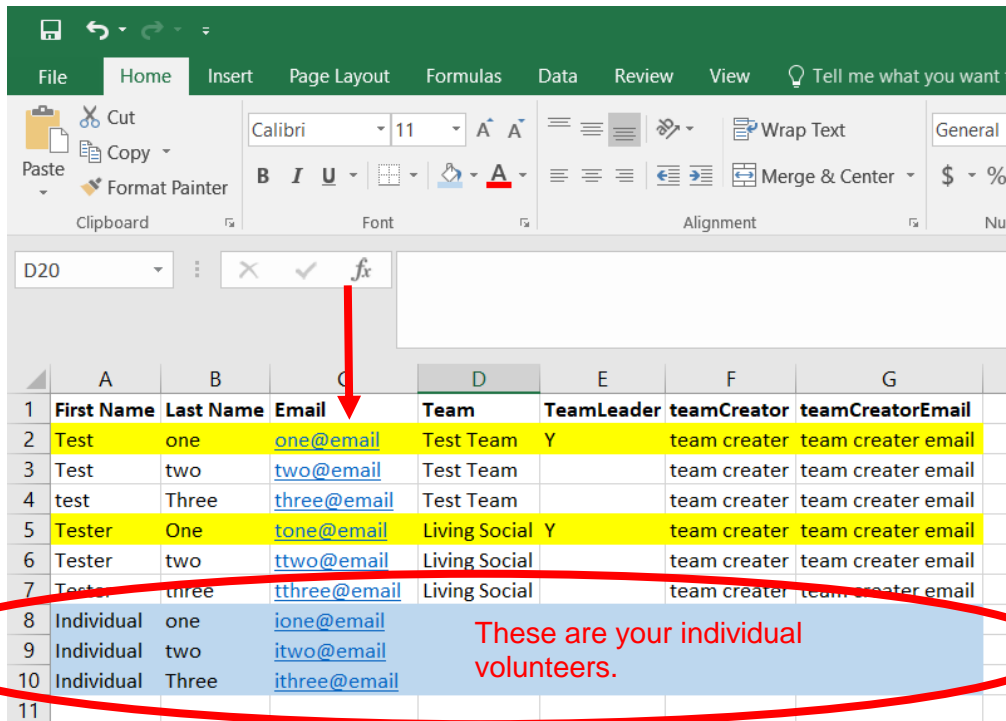

3. Your excel spreadsheet will open with all registered volunteers. Now you need to sort to find your contacts. Select all and go to Sort & Filter/Custom Sort. Sort by – Team Creator, Team Leader and then Last name in A to Z order.

The "Sort" dialog box shows the following settings:

Column	Sort On	Order
Sort by: teamCreator	Values	A to Z
Then by: TeamLeader	Values	A to Z
Then by: Last Name	Values	A to Z

4. After your sort you will have a spreadsheet that looks something like the one below with real data.
 - a. Team Leaders are marked in yellow with the “Y” in the Team Leader column. This is your contact person. Be sure to use the email found in the Email column.
 - i. Do not contact those listed on the team without a Y. These volunteers will be contact by their Team Leader.
 - b. Individual Registrants have no team creator listed and are marked in blue. These are the individuals you will contact.
